| <b>PERIOD OF USE:</b><br>May 1 – Sept 15  |  |
| <b>PLACE OF USE:</b><br>On 10 acres in Kittitas County -- NE1/4SW1/4 and that portion of the SE1/4NW1/4 lying south of the county road, all in Section 5, T. 20 N., R. 16 E.W.M.<br><br>(Parcel D of Survey recorded in Book 17, pages 190 and 191, Auditor's File No. 539752, records of Kittitas County.)<br><br><span style="background-color: #00FF00;">Parcel map</span> | <b>PURPOSE OF USE:</b><br>Irrigation             |
| <b>IRRIGATION METHOD:</b><br>Flood irrigation   |  |

|  |
|--|
| <b>CONSUMPTIVE USE CALCULATION:</b><br>Consumptive use is based on the Washington Irrigation Guide crop irrigation requirement (CIR) estimate for clover in the Cle Elum area. In calculating the CIR, clover was used as a proxy for Timothy Hay. The average CIR for clover is 19.11 inches per acre annually (season including June, July, August, and September). In 2005, 2006, 2007, 2008, and 2009, from May 1 through September 15, Chapman-King-Barkshire-Garre will be fallowing 10 acres under this water right.<br>CIR for Sept: $(3.67/30\text{days in Sept} = 0.1223\text{in})$ then $(15\text{ days} \times 0.1223 = 1.835\text{in})$<br>CIR for season May 1 – Sept 15: $(3.54\text{ (June)}+6.84\text{ (July)}+5.06\text{ (August)}+1.835\text{ (September)} = 17.275\text{ in})$ |
|--|

$$((17.275 \text{ in} \times 1 \text{ ft}/12 \text{ in})(10 \text{ acres}) = \underline{14.4 \text{ af/vr}})$$

**NARRATIVE DESCRIPTION OF PROJECT:**

Doug Chapman & Carol King AND Robert Barkshire & Susan Garre were confirmed an 1887 priority date water right under court claim number 01863 in Subbasin No. 3 (Teanaway). The Washington Water Trust is proposing a temporary transfer of this water right. The water will be placed in the State Trust Water Rights program. Chapman-King-Barkshire-Garre's transfer application proposes to change the purpose of use from irrigation to instream flow and change the place of use to the Teanaway River and the Yakima River downstream to the Columbia River to improve instream flows for five irrigation seasons (from 2005 through 2009). Chapman-King-Barkshire-Garre's irrigation season, as provided by their 1887 priority date water right, is from May 1 to September 15. Therefore, in 2005 through 2009, Chapman-King-Barkshire-Garre will not irrigate 10 acres under the 1887 priority date water right from May 1 to September 15.
